R1 CALGARY RESIDENTS: CaRMS SAVE THE DATE!

Save the Date!

The Calgary Residency Program CaRMS interview dates have been set for January 18-19th and February 1-2nd, 2020. We'll be reaching out shortly for volunteers to act as ambassadors and interviewers over the 2 weekends. If you are interested in volunteering please save these dates in your calendar.

Additionally if you are unable to participate as an interviewer or ambassador during the day, we have the two social events held at Craft Beer Market in the evening on January 18th and February 1st, 2020 that we'd love to have you attend.

Dr. Lindsay Jantzie, MD, CCFP
Postgraduate Director
Department of Family Medicine, University of Calgary

ALL RESIDENTS: MAY 2020 MCCQE PART II PRE-APPLICATION – NOW OPEN

The pre-application period for the May 2020 Medical Council of Canada Qualifying Examination (MCCQE) Part II is now open. If you are interested in taking the May 2020 MCCQE Part II, the following STEPS are required:

STEP 1: You must add your name to the pre-application list. The pre-application period will remain open until 11:59 p.m., Eastern Time (ET) on November 11, 2019.

If you meet the exam's [eligibility requirements](#), you must add your name to the pre-application list through your [physiciansapply.ca](#) account at any time during the pre-application period.

- o Click on "Examination" on the left panel
- o Click on "Apply for an examination" on the centre panel
- o Click on "MCCQEII May 2020". You will need to answer a few questions. Once completed, you will see a confirmation screen that you have been added to the pre-application list.
- o You will also receive a confirmation message once completed. To view this message, click on "Messages" on the left panel.

The pre-application deadline is **November 11, 2019 at 11:59 p.m. Eastern Time**. You will not be able to add your name to the pre-application list after this deadline.

Exception to the above pre-application period: If you took the Aug./Sept. 2019 MCCQE Part I or if you will take the Oct./Nov. 2019 MCCQE Part I or the Oct. 2019 MCCQE Part II, your pre-application period for the May 2020 MCCQE Part II will differ from the above. In this case, please see "How do I take the MCCQE Part II?" on the [MCCQE Part II web page](#) for more information.

Step 2: Wait to receive an invitation to apply; invitations will be sent starting November 14, 2019.

Starting on November 14, we will proceed with a random selection of candidates in their second year of residency and above (PGY-2+) from the pre-application list. Selected candidates will receive an invitation to apply to the exam.

Additional invitations to apply will be sent in December and January based on remaining available spaces, including to candidates in their first year of residency (PGY-1). Please monitor your [physiciansapply.ca](#) account on a regular basis for

further updates. If you do not receive an invitation to apply for the May 2020 session by the end of January 2020, you will need to wait to pre-apply to a future session.

While capacity for each session is limited, if a candidate is required to take the exam no later than a given session for licensure purposes or other reason related to progressing through their career, we will ensure that they are provided a spot in the exam no later than that session, provided that they add their name to the pre-application list during the designated pre-application period.

Step 3: Complete and pay for your application to the exam if you receive an invitation to apply.

If you are selected to apply, you will receive a message through your physiciansapply.ca account inviting you to apply before a specified deadline. After receiving this message, please complete and pay for your exam application through your account. Your application is only complete once you have paid the exam fees and received a transaction confirmation message. If you do not apply by the deadline specified in the message, your space will be offered to another candidate.

Test accommodations: If you are selected to apply and require test accommodations due to an existing special need, disability or functional limitation, you must identify this during the online application process. You must then submit the [required supporting documentation](#) to candidateaffairs@mcc.ca as soon as possible. Requests identified after the time of application are challenging to coordinate and cannot be guaranteed. (Note: The MCC reserves the right to assign candidates to a centre where test accommodations can be offered, which may require travel and related expenses.)

For further details about the May 2020 MCCQE Part II, please visit our [website](#). For an overview of the pre-application process, please see the [infographic](#).

At all stages of the pre-application and application process, please monitor your physiciansapply.ca account regularly for messages and updates.

RESIDENT WELLNESS

ALL RESIDENTS: WELLNESS WHITEOUT RETREAT – BANFF AB – FEB 14-17, 2020

The Family Medicine resident wellness initiatives at the University of Calgary and the University of Alberta are excited to bring the first annual **Wellness Whiteout Retreat!** Family medicine residents from across the province will be brought together in the beautiful city of Banff for a retreat focused on wellness promotion, career development, and having some fun! There will be some structured activities including small group bonding activities, an evening social event, and a brief wellness conference but most of the days/nights will be for free for you to enhance your wellness as you see fit. This may include your choice of skiing, snowboarding, yoga/meditation, socializing or simply chilling by the hot tub. Accommodations would include 3 nights in 8 person cabins at the Hidden Ridge Resort Inn and discounted lift tickets/rentals will be available for purchase (Both ridiculously cheap!).

Currently we have several organizations interested in sponsoring this to subsidize costs but nothing is official yet. Once again, the dates are **February 14th-17th** long weekend as the Monday is a PARA guaranteed STAT holiday. Those wishing to attend most likely will simply need to request a no call weekend.

Note: There will not be coverage but please reach out to me for those who are interested in bringing a Plus 1 as we can still accommodate at our group rates.
