R2 CALGARY & RURAL RESIDENTS: EDITION OF FAMILY MEDICINE NOTES – NOW AVAILABLE

We are excited to announce that the **newest edition of Family Medicine Notes** is now available at our website <https://familymedicinotes.com/>.

Family Medicine Notes started in 2012 and was initially developed to aid in studying for the CCFP exam. Since then, over 14,000 copies have sold in over 15 countries. Today, FMN has grown into a one stop, comprehensive family medicine resource that residents can rely on for the 99 priority topics. In the past few years, it has also become a notable resource for day to day family medicine for recent graduates or primary care physicians wanting to stay up to date with the most recent guidelines and approaches. It condenses entire guidelines into 1-2 pages for quick and easy reference to aid clinicians in differentials, investigations and recommended, evidence based management options. The book is updated annually to include the most recent literature and research. *This years edition has important updates to the guidelines for colorectal cancer, hypothyroidism, Crohn's, Irritable bowel syndrome, Pneumonia, Urinary tract infections, Multiple Sclerosis, Trial of Labour after C-section, Obesity in Pregnancy, Travel medicine, Opioid use disorder, Chronic obstructive pulmonary disease, systemic lupus erythematosus, erectile dysfunction, nephrolithiasis, symptom management in palliative care and many more!*

We are also excited to announce an addition to our Family Medicine Notes collection. FMN: Inbox Management is an evidence and guideline based pocket book that focuses on conditions and findings that are encountered during inbox management. It is meant to provide guidance and a starting point when tackling incidentalomas, abnormal findings and routine investigations and monitoring. Inbox management is a great resource for physicians in residency, staff new to practice or those that are interested in keeping up with the most recent updates and evidence.

As always we offer group discounts on all our hard copy books for bulk orders (10% off for orders of 10 or more and 20% off for orders of 20 or more).

Check out the sample pages of the new edition at https://familymedicine.com/Sample-Pages-2019_ep_44.html. This edition is available in both hard copy and eBook.
