- ALL Residents: MSK 6th Annual MSK Pearls Course **March 14, 2020**

While I am sure many of you are already aware, we direct your attention to the information we are receiving about Coronavirus occurring as a result of transmission in Wuhan, China.

Please refer to the details included in the attached letter from the Medical Officer. More than ever, it is especially important to follow infection control procedures at your respective clinics, be aware of patient respiratory tract infection symptoms, and take adequate travel histories. Vigilance to protect your patients and yourselves and stay updated to information from the Medical Officer is requested at this time. Learner safety is a top priority..

Dr. Lindsay Jantzie, MD, CCFP

R1 CALGARY RESIDENTS: CHIEF RESIDENTS POSITIONS – NOW ACCEPTING APPLICATIONS – DUE FEB 8

We are excited to formally open the positions of Chief Resident for applications. There are openings for three (3) Chief Residents - one representative from each Division. See that attached job description.

Please submit:

A Letter of Interest and an up-to-date CV to Linda Veilleux (lveilleu@ucalgary.ca) **NO LATER THAN noon February 7th, 2020.**

We plan to hold interviews later that month allowing enough time for a transition period for the outgoing and incoming Chiefs to engage with one another and to ensure a smooth hand over in May.

For individuals who are not interested in competing for these important positions, we are also looking for current R1s interested in acting in the role of interviewers to help us in selecting our Chief Residents for next year.

Many thanks,

Lindsay

Dr. Lindsay Jantzie, MD, CCFP
Interim Program Director, Calgary Residency Program
NW Division Director, Calgary Residency Program
Department of Family Medicine

***REMINDER* CALL FOR STIPEND SUBMISSIONS BLOCK 7 – DUE FRIDAY, JANUARY 24.**

PLEASE NOTE: It is important that your calls are submitted **ON TIME**. Late submissions create a lot of extra work for the administrative staff and AHS – Please make every effort to have your calls submitted **BEFORE** or **ON** the deadline. If you would like to be paid on time, please submit on time.

LATE CALLS WILL BE SUBMITTED EVERY 3 MONTHS

There has been a revision to the submission of Call Stipends, be sure to read the update and access the NEW Call Stipend Submission Form in the links below.

<http://www.calgaryfamilymedicine.ca/residency/dox/container/4b22137e3b7d1ffd3956044857ee887b.pdf>

Update Life-Saving Courses

ALL - A reminder that all life saving courses (ACLS, BLS) need to be up-to-date for the duration of your training

R1s - ATLS needs to be completed prior to your promotion to R2

R2s – ATLS MUST be completed for program completion

Action required:

1. If your ACLS or BLS is expiring before June 30, 2020 please be sure to apply for time off via One45 for a renewal course **prior** to registering and paying for a course - renewing BLS through AHS is **free** if you take the course prior to your current BLS expiring. Please check My Learning Link <https://insite.albertahealthservices.ca/hr/Page1881.aspx> for availability please note the preference is that you access this option if at all possible
2. Once you have completed your course for ACLS, BLS or ATLS please send a copy of your card to your Program Coordinator. Please ensure that the **expiry date** is on any card or certificate you submit.

3. Reimbursement can be submitted through iexpense via AHS intranet
If you have any questions please contact your Program Coordinator.

Re: The 2020 Multiple Mini-Interview for applicants to the University of Calgary.

The Cumming School of Medicine Admissions Committee is currently reviewing applications for the MD class beginning July 2020. Approximately 576 applicants will be invited for an interview. Interviews will be held on three days this year; we hope you will consider participating on one of the following dates:

- **Saturday February 29 (7:30am-4:50pm)**
- **Sunday March 1 (7:30am-4:50pm)**
- **Saturday March 14 (7:30am-4:50pm)**

Assessors must attend one, two-hour training session in the Health Sciences Centre in February (dates listed below in the link). In 2006, the Admissions Committee adopted the MMI in keeping with societal and accreditation expectations that admissions processes be fair, accountable, transparent, evidence-based, reliable, valid, and based on the Faculty's philosophy and objectives.

This year, applicants will complete two circuits (as opposed to the single circuit they have completed in the past). These two circuits will be somewhat different, and assessors will be assigned to assess within one circuit or the other, but not both.

The first circuit will consist of 8 stations in the typical "MMI" format with which those of you who have interviewed previously will be familiar. In this format, applicants complete a circuit of 9-minute stations, rotating from station to station. The MMI is very similar to an objective structured clinical examination (OSCE) except that it is not 'clinical'. MMI stations will assess the non-cognitive characteristics that the Faculty has determined are critical.

The second circuit has been introduced in an attempt to balance what we see as some of the potential limitations of the traditional MMI format, while recognizing the significant advance in interviewing technique that the MMI represents. In this circuit, the applicants will rotate through two somewhat longer (20 min) and less tightly structured interview stations, as well as a 20-minute teamwork assessment activity. The longer format interviews will still be focused on a particular attribute and begin with a standardized introduction and questions. The difference will be that the applicant has more time to express themselves, and the interviewer will be given more latitude to ask their own questions and pursue a particular line of inquiry with the applicant.

General MMI training for all assessors will occur prior to the MMI dates; further format specific (shorter vs. longer) training will occur on the day of the MMI for which you sign up.

The admissions process is time-intensive but critical if we are to assess more than academic achievement. We trust you will see this as an opportunity to take part in determining the types of individuals who will be the future physicians for our city and province.

The Admissions Office values your commitment to the MMI interview process. We also value the fairness of the process we have put in place and the reputation of our institution. We ask your help in preserving and maintaining these values.

As part of our commitment to fairness and transparency, we consider anyone who has a relative, close friend or intimate partner currently applying to our MD program, or who is anticipating applying in the next two application cycles, to be in

a conflict of interest position. If this describes you at this time, our expectation is that you will recuse yourself from any involvement of the admissions process. Failure to do so is potentially damaging to the reputation of our program, and as such may result in the closure of, or otherwise jeopardize, the application of the candidate in question. Please err on the side of caution before taking on this role. If in doubt, the Director of Admissions is available to discuss the specifics of your situation.

We hope you will complete the RSVP <https://www.signupgenius.com/go/MMI2020> as soon as possible as some dates will fill up quickly. If you know anyone who might be interested in participating, please let Shannon Cayer cayer@ucalgary.ca know so that we may approach them as well.

If you have any questions, please contact Shannon Cayer cayer@ucalgary.ca.

Christopher Doig, MD MSc FRCPC

Remo Panaccione, MD FRCPC

Chair, Admissions Committee

Director, Office of Admissions

Attention: CSM PGME Program Directors, Clinical Faculty, Division and Department Heads, Residents, Fellows, and Program Administrators

The nomination deadline of **Jan 31, 2020** for the *Sixth Annual PGME Awards for Excellence in Medical Education*^[1] is fast approaching.

To Nominate:

1. Complete the Nomination Form
2. Write a one-page letter of approx. 500 words. Please include:
 - Date
 - Description of how the nominee meets the criteria for the specific award
 - Your current role
 - Signature (if a group submission, include all names, roles and signatures)
3. If a faculty award (Category 1, 2) submit a copy of the Nominee's CV

Please email documents saved in a .pdf format to Nancy Dunlop ndunlop@ucalgary.ca

For further details, go to <https://cumming.ucalgary.ca/pgme/faculty-and-staff/awards-and-grants/awards/pgme-awards-excellence>

These awards are a way to recognize and reward outstanding efforts in providing high-quality residency programming through the hard work, ongoing commitment, and demonstrated passion of PGME staff and faculty. Winners will receive an inscribed plaque.

There are **three awards issued** in each of the following program categories:

- Direct-entry 2-4 year Programs
- Direct-entry 5-6 year Programs
- Subspecialty Programs (additional 1-3 years)

1. Outstanding Commitment to Residency Education Award (3 Awarded)

Purpose:	This award recognizes the outstanding contributions made by an individual to residency education through teaching, administration, program development and/or contributions to educational research that benefit residency education.
Eligibility:	Current Cumming School of Medicine PGME clinical teachers working with residents
Criteria:	The individual has demonstrated exemplary teaching of residents and has made significant contributions to any of the following: program development; program administration; innovative approaches to teaching and learning; research contributions to teaching and assessment or other aspects of residency education.
Who can nominate?	Any current CSM PGME faculty, staff, division and department head, resident, or fellow

2. Award for Resident Mentorship (3 Awarded)

Purpose:	This award recognizes the outstanding contributions of a faculty member who serves as a mentor, role model, and/or advocate for residents.
Eligibility:	Current Cumming School of Medicine PGME clinical teachers working with residents
Criteria:	The individual has provided an established and ongoing mentoring relationship with a PGME Trainee
Who can nominate?	Any current CSM PGME resident or fellow

3. Award for Service in Support of Residency Education

Purpose:	This award recognizes the outstanding contributions made by an individual to residency education through ongoing administrative support and/or innovative approaches to program administration.
Eligibility:	Current CSM PGME program administrator with 3+ years of service
Criteria:	The individual serves as a role model for other PGME support staff, and provides excellent support for program directors through their commitment to residency training and approach to program administration.

Who can nominate?	Any current CSM PGME program director, faculty, staff, resident, or fellow
--------------------------	--

Note A: A previous winner may be nominated for a PGME Award for Excellence in the same category only after a lapse of three (3) years.

Note B: A previous winner may be nominated for a PGME Award for Excellence in a different category at any time.

Nominations will be reviewed and ranked by the Awards Committee. Further information will be solicited as needed. Awards will be announced in March 2020. Recipients will be presented with a plaque at an awards ceremony in May.

Attachment – nomination form

TITLE: Resident as Teachers Research Project Survey

We hope you are enjoying your time in Family Medicine! To help us evaluate the family medicine program’s training residents as teachers we ask for 10 minutes of your time to complete the survey linked below.

SURVEY LINK: https://survey.ucalgary.ca/ife/form/SV_2brKQOiuuDQ3Zwp

This survey is part of our PGY2 research project that is trying to assess YOUR experience as a resident in teaching. We want to know how much teaching you do, how much training you get currently and how much training you want. The purpose of this project is to try and make recommendations to the Family Medicine resident programs! These recommendations may include what content should be included and how curriculum should be structured. The results of the project will be presented at the annual Scholarship Day in March 2020. If you have any further questions please see the attached information and feel free to contact the research team.

Dr. Martina Kelly, Paul Bryan, Amanda Wang and Aly Antaya

CONFERENCE, COURSES, WORKSHOPS

R1 CALGARY RESIDENTS: PGME WORKSHOPS and EVENTS

All of the PGME workshops offered to residents and fellows are developed to help meet the CanMEDS framework. CanMEDS overall goal is to improve patient care and each of our workshops will be a step in this direction. Please follow the link to the events page for the most up to date list of resident events and workshops. All of these are free to attend.

Workshops and Events link: <https://cumming.ucalgary.ca/pgme/events>

SharePoint Registration link: <https://ecs.ucalgary.ca/faculty/medicine/pgmeevents>
